

Our Business is Growing

and we'd like you to join us!

Hydronic Heating Systems Engineer Position Available

- Abbotsford, BC
- Full-Time, Monday – Friday

At Prins Greenhouses we view each job as a fresh challenge. Using innovative technology and a lot of hard work, we are dedicated to designing and building the most efficient growing environments possible for our customers and their crops. Our construction and systems installation leaders have over 125 years of combined experience in the greenhouse industry and have been providing high-quality workmanship for growers in Canada and the USA over the last 40 years.

Our company is committed to long-lasting relationships with customers, staff, and suppliers. It supports the growth of both the individual and the team. With healthy individuals a team is all the stronger, and teamwork is the core of our success.

Are you someone who enjoys stable, challenging and rewarding work with room for growth? Join our team and work with great people who love what they do! Competitive wages, a comprehensive employee benefits plan and RRSP matching are some of the additional perks to working with Prins Greenhouses. Join our team and be part of an industry that brings food to the tables of millions.

Job overview:

- Design of hydronic heating and related systems for commercial greenhouses
- Generation of final system design and documentation
- Preparation of BOM's, purchase orders
- Communication with drafters, engineering staff, construction supervisors, subcontractors, and suppliers
- Use of Inventor 3D, Auto CAD 2D, Microsoft Office, and in-house programs
- Maintenance of archives for technical drawings
- Participation in and contribution to team meetings

Successful candidates will possess:

- A Mechanical Engineering Degree, or other Engineering Degree in combination with experience in a related field
- A minimum of three years of work experience in an engineering position, preferably in the construction industry
- Effective organizational and time management skills
- Ability to think creatively and solve problems independently
- Fluency in English (written and spoken)
- Valid class 5 driver's license and reliable vehicle
- Canadian citizenship, permanent resident status, or a current work visa

Email your resume and references to hr@prinsgreenhouses.com. Short-listed applicants will be contacted by telephone.
